

Activity 2-Unit 3 – Instruction Sorting

Read the following instructions related to patient preparation for imaging tests. Then classify them into the correct category: **Before** the exam / **During** the exam / **After** the exam.

1. Do not eat or drink anything 6 hours before the procedure.
2. Remove all metal objects before entering the MRI room.
3. Stay very still during the scan.
4. You may feel a warm sensation after the injection of contrast.
5. Drink plenty of water to eliminate the contrast after the exam.
6. Sign the consent form at the reception before the test.
7. Hold your breath when the technician asks you to.
8. Inform the staff if you are pregnant or breastfeeding.

Rubric

Criterion	Description	Points
Classification accuracy	Places instructions in the correct category	0–8 (1 point each)
Clarity	Work is legible and organized	+0.5 bonus
Language use	Uses English correctly in categories/headings	+0.5 bonus
